MY PROFILE

Disciplined and experienced developer. Developing smart contracts and creating innovative solutions for case-specific projects in web3. Contributing to Boğaziçi DAO in the core team.

EDUCATION

Boğaziçi University

Management Information Systems
2022-2027

EXPERIENCE

Founder-Member of Boğaziçi DAO

2022 September - Present

- Creating the world's first fraternity DAO. Developing smart contracts and analyzing web3 projects tech-wise. Actively building Turkey's most prestigious web 3 community.

Cağaloğlu MUN Web Dev

2017 October - 2018 April

- During the first year of highschool, I with my team have developed the website for Cağaloğlu MUN Event.

Cağaloğlu IT Club Board of Directors

2018 September - 2022 June

- As a Board Member, organized numerous events, seminars and competitions. We've also participated in many national and local competitions and events.

SKILLS

- **React.js, Vanilla JS, Solidity, Hardhat, Flutter, HTML, CSS, Python**
- **Copywriting, project analysis, public speaking, team management**

10x Competitive Advantages

- I have lots of experience due to starting early and I am well versed in nuances within project development.
- I pay very close attention to clean code and can clearly communicate the project across to coordinate individuals to achieve a team success.
